News from the Rosemead School District

November 2020

Message from the Superintendent

Dear Rosemead Community,

We are excited to share that on Monday, November 9, we welcomed back 7 students to our Shuey Full Day Preschool Program. Our Shuey preschool program had been on a rollercoaster ride as we were days away from opening during the summer only to have to cancel those plans as a result of the huge increase in COVID-19 cases in July and August. Our Shuey preschool program serves many children of first responders and essential workers. As such, our parents have been eagerly anticipating the reopening of the program. I would like to thank our amazing Shuey preschool instructional staff for their hard work preparing for our students to return.

News from the Rosemead School District

November 2020

Thanks to additional flexibility from our county department of public health, we are now allowed to host up to 25% of a school's tidal student body for in-school small cohort instructional support. Our teams are in the process of identifying additional students for this support.

At our November 5 Board meeting, our Trustees formally adopted our revised goals for the 2020-2021 school year. You will notice that a new goal was added to address the impact of COVID-19. Our leadership team has begun the work of working with their teams to develop metrics and actions for each of our goals. Below are our 2020-2021 Board Goals:

2020-2021 Board Goals

- Increase student achievement:
 - Close the achievement gap for Hispanic students and Students with Disabilities in English/Language Arts and Math
 - Improve achievement in Mathematics for all students in grades K-8 across the district
- Provide targeted support for schools with the greatest needs to improve student achievement
- Develop and communicate information about exceptional programs in our schools
- Promote fiscal stability by significantly reducing deficit spending
- Begin the strategic planning process to ensure alignment of efforts for continuous improvement throughout the system
- Remediate the impact of COVID-19 as follows:
 - Develop a plan to reverse student learning loss by implementing opportunities for student learning acceleration and a reliable attendance and engagement tracking system
 - Realign our District Professional Development plan to provide additional learning opportunities for staff
 - Identify and secure resources to support the socio-emotional needs of our students and staff
 - Increase the number of students receiving in-school instruction and support in accordance with the county department of health guidelines
 - Implement new school procedures to promote the health and safety of students and staff at all times

Respectfully,

Alejandro Ruvalcaba

Superintendent of Schools
