ROSEMEAD SCHOOL DISTRICT USE OF FACILITIES APPLICATION AND AGREEMENTS

EXPECTATIONS AGREEMENT FOR USE OF FACILITIES

The Rosemead School District prides itself in always maintaining great positive relationships with partners who regularly request the use of its facilities/school sites, as well as always maintaining clean, graffiti-free, and debris-free campus environments appropriate for student use during the delivery of public education. Requests to use facilities for extracurricular activities for children in the district's surrounding areas are considered.

Below are the Rosemead School District's Expectations for the use of facilities for all its schools.

Applicant must **initial each line item**. Initials indicate review and agreement with the information listed below:

↓ initial each item

1. Prohibition of Possession, Consumption (Use), or Sale of Alcohol, Drugs, Vaping, E-Cigarettes, or Tobacco Products

The Rosemead School District is a public school district, including all its school sites. The Rosemead School District prohibits drugs, alcohol, and tobacco use on district properties, including its District Office, warehouse, and all school sites.

Smoking or use of any tobacco-related product or disposal of any tobacco-related waste is prohibited within 1,000 feet of any government agency property, except on a public sidewalk located within 25 feet of the property.

(Rosemead School District Board Policy and Administrative Regulation Nos. 3513.3 (Tobacco-Free Schools), and Nos. 5131.6 (Alcohol and Other Drugs); and in accordance with the following: California Health and Safety Code, Section 11032, 11357, 104420, 104495; Labor Code 6404.5; 20 USC 6083, 7101-7176).

2. Property: Condition and Care During Use

The Rosemead School District expects all partner organizations (and its participants) to respect the District's properties, including its facilities and overall campus, by taking care of them. Care for the facilities and property includes picking up trash after each event, not allowing participants to damage or vandalize the property or District belongings, including the use of any "articles" such as bats, poles, sticks, etc., to bang on the poles/posts located on the property. This creates permanent dents in the metal and chips the paint or the alteration (cut up, scrapes, scratches) of campus benches.

Organizations (including its participants) using school facilities will be held liable for any property damage caused during or by the activity deemed during facility use. The organization shall bear the cost of repairing the damage. If it deems necessary, the Board of Trustees may charge the amount necessary to repair the damage and reserves the right to cancel and deny the group further use of its facilities/properties at any time.

Any group using school facilities shall be liable for any injuries resulting during such use. The organizations shall bear the cost of insuring against this risk and defending themselves against claims arising from this risk. All organizations requesting facility use must provide a valid/current certificate of liability insurance naming the Rosemead School District as an added insured on their liability policies with \$1,000,000.00 coverage for each incident. (Rosemead School District Board Policy and Administrative Regulation Nos. 1330 (Use of School Facilities))

3. Supervision of All Participants (Children and Adults) During the Use

All organizations must supervise everyone who is a participant (children and adults) who enters the district/school property for the purpose of the event. The District requests that the organization monitor all participant(s) to ensure roaming around the property unsupervised is eliminated and all participants remain in designated areas.

4. Presence of Animals on Campus During Use

As a general rule, pets are not allowed on district/school property. The District does understand the extent of the law for “service animals” and welcomes them; however, we request that the owner “pick up” after the animal.

5. Trash and Recyclables

The District expects that all participants be required to discard their trash in the appropriate “trash” containers on the property/site and discard only “recyclable” items in “recycle bins.”

6. Security of Facilities, Property, and Site After Each Use

The District expects each permitted organization to assign persons who will confirm that all participants have exited the property/site, lock all gates, and double-check that the property/site is clean before leaving.

7. Access Procedure/Entry Point

The District will designate one entry point for access by organizations. A combination code will be provided upon the approval of the permit. The District will no longer issue keys to organizations.

8. Presentation of Approved Permit, if Requested

The organization must present/furnish a copy of the approved Rosemead School District Permit, if requested, at any time when on-premises. If an active permit is not presented, all present must vacate the property and return keys to the Assistant Superintendent, Administrative Services.

9. Parking

The District expects all organizations to inform their participants that all parking is to occur only in the appropriately designated parking lots. At no time shall any of the organization's participants park on the premises, in non-designated parking areas, or drive onto campus/blacktop for any period of time. All loading and unloading of passengers and equipment must be done in the parking lot.

10. District Personnel Contact

The District expects all permitted organizations to immediately contact district personnel to report any of the following: lost keys, emergencies, and urgent matters related to the District/school property as follows:

Octavio Serrato cell: (626) 945-0759 / Anthony Flores cell: (626) 945-3227 / Maria C. Rios cell: (626) 677-7483

11. Use of Restroom Facilities and Custodial Support

For organizations with Permits/Events lasting longer than three (3) hours, the organization is required to pay for the use of restroom facilities after the third hour, at the rate of \$50 per hour.

12. Damage to Facilities/Fields

Any organization that causes damage to district facilities during its use will be held responsible for the cost of repairs or replacement. The organization will be required to cover all associated expenses to restore the facility to its original condition.

All organizations completing and submitting a signed “Rosemead School District – Application and Agreement for Use of School Facilities” agree to the above-listed expectations with no reserve. The organization also understands that the Rosemead School District reserves the right to immediately terminate and deny further use of its facilities, property, and school sites if any organization is found to not fully meet the above-outlined Expectations Agreement for Use of Facilities.
